“ As a co-worker of Bruce for many years, I attended his funeral today. It was very moving. The beautiful church, music, sermon, readings and a truly touching tribute from his son were letter perfect. The church was filled, which says a lot about how many lives Bruce touched. He leaves behind a really lovely family. My heart goes out to them. This was a fitting send-off to a great guy. I am glad I was there to witness it.

“ To Bruce's Family and Friends.

I also am a "work friend" of Bruce's for a very long time. We did not always agree on approaches to things in the office, but mutual respect and trying to make work a little fun was something we always were in synch on. I found he understood what the important things in life were - namely family and friends. In fact he was very much thinking always about his family throughout his illness which he shared with me . He and I had many discussions over the time he was sick, as my brother has also been dealing with cancer. He helped me better understand how people handle this type of situation and I am grateful for this always. I last heard from him in January when he reached out to a few work friends to update us on his treatment. I told him I was honored that he considered me a friend. A good man indeed, God bless the Kiernan family at this difficult time.

“ I too was a friend and co-worker of Bruce's at Citibank. We often talked about home, family and future retirement plans. I loved his laugh and positive spirit; Bruce being Bruce, He will be missed by me and by many.

“ Dearest Kiernan Family,
I was shocked to learn of Bruce's passing and my heartfelt condolences go to you all. I started with EAB back in 1991 and had the pleasure of working with Bruce while I was sitting at EAB Plaza. He was a great mentor and always had a kind smile, optimism, and wit. He was a true gentlemen and family man. He loved to speak of his family which was his biggest pride and joy. It is a tremendous loss when you lose a person who has touched so many lives. I would love to make a donation in his memory and will check with the funeral parlor for further details.

Very Fondly,
Angie Coleman

“ Dear Theresa and family,
I can't tell you how saddened and shocked I am to hear of Bruce's passing. As you know, we worked together for many years at Citibank. He was one of the true jewels of our company. He cared deeply about his people as well as the institution. I always looked forward to my visits to Long Island to spend the day with Bruce and his team. The day would often start with some celebration of a birthday or some other event. It felt more like coming to his home than an office.
I do regret not staying in touch since I left Citibank. I realize that I am poorer for not having had the opportunity to spend some more recent time with Bruce.
There is no question, however, that he leaves a legacy of life for all who were fortunate enough to know him. We know that his grandchildren especially will carry his legacy on to future generations who will all be beneficiaries of his generosity. Please accept my deepest sympathy at this time of hurt. The memory of his gracious smile will certainly help with the healing.
Please let me know if there is a charity that we can make a contribution to in his honor.
With sincerest respect,
Jerry Silber
