Comments

“ Marshall was my first best friend,a friendship that lasted through our high school years but, sadly, became far too intermittent when we became adults. He was a very special person; hugely popular for all the right reasons.
I will miss him.

“ Although I have not seen Marshall in over 50 years I was very sad to hear of his passing. Always remember a smile on his face and his kindness to us little kids. My family and his lived across the hall in Kew Gardens. May he be lifted up on Angels Wings!
